

CARTWHEELS CHILDREN'S CENTRES

Student Placement Policy

We recognise that the quality and variety of work which goes on in our Centres make them an ideal place for students on placement from school and college courses as well as those on the Diploma in Pre-school practice or tutor fieldworker courses.

Students are welcome into the Centres on the following conditions:-

- P The needs of the children are paramount. Students will not be admitted in numbers that hinder the essential work of the Centres.
- P Students must be confirmed by their tutor as being engaged in a bona-fide childcare course, which provides necessary background understanding of children's development and activities.
- P Students conducting child studies will obtain written permission from the parents of the child to be studied.
- P Any information gained by the students about the children, families or other adults in the Centres must remain confidential.
- P Unless registered as a fit person, students will not have unrestricted access to the children.
